Stock Work

Our gunsmiths offer quality

stock work from minor fitting projects to making your dream stock of selected woods.

Rifle Accuracy
Rifle performance is mostly measured by accuracy. Consistent-tight-grouping targets are sought after by hunters, weekend shooters, and professional bench-rest competitors. However, most commercial rifles require some gunsmith work to achieve increased accuracy. The following is a list of recommended work to improve your rifle performance.

Glass Bedding	\$120.00
Pillar Bedding	\$150.00
Free Float Barrel	\$75.00
Apply Pressure Point	\$85.00
Stock Fitting (inletting)	From \$120.00
Trigger Job (most bolt action rifles)	\$65.00
Trigger Job (most specialty rifles and semi auto rifle)	From \$85.00
Trigger Installation (parts not included) We use and recommend Jewell triggers	From \$85.00
Barrel Crowning	\$85.00
Bolt Action Rifle Action Job -Lapping & Jewelling-	\$140.00
Semi Auto and Lever Rifle Action Job – Lapping & Jelling-	From \$160.00
Jewelling Job –Micro or Large Pattern-	From \$85.00

Interior Barrel Lapping (rifle)	\$120.00
Blue Print Action –Bolt Action Only	From \$250.00
Barrel Installation (parts not included)	\$250.00
Scope Installation (parts not included)	From \$55.00
Sighting-In (ammo not included)	From \$65.00
Ammo Testing (ammo not included)	From \$120.00

Somabrake

The Somabrake is an ingenious muzzle brake system engineered by Master Gunsmith **Jose Somarriba**. The Somabrake effectively reduces recoil and barrel whip by as much as 70%. For instance, a 7 Rem. Mag. rifle feels like a 243 Win. after installation. In turn, these phenomena causes better bullet stabilization without loosing precious muzzle velocity. Shooters experience greater aiming concentration by eliminating painful recoil anticipation.

Somabrake Blue –Standard BI– (bolt)	\$185.00
Somabrake Stainless –Standard BI-(bolt)	\$195.00
Somabrake Big Bore, Bull BI Blue-(bolt)	\$210.00
Somabrake Big Bore, Bull BI Stainless-(bolt)	\$225.00
